Solar Manufacturing Adds Sales Support for Arkansas, Louisiana, Oklahoma, and Texas Region

Souderton, Pa. -- Solar Manufacturing recently formed a relationship with Matt Burnett of Texas Vacuum Solutions in Humble, Texas, to support the Arkansas, Louisiana, Oklahoma, and Texas region for the company.

Burnett has many years of experience in the vacuum furnace industry. Burnett will be responsible for furnace sales, service and installation in that region. He resides in Houston, Texas, and is an active member of the Lion's Club and has served as a volunteer fireman.

Solar Manufacturing, Inc. is part of Solar Atmospheres family of companies. -With combined sales of \$50 million, the Solar Companies are progressive leaders in the global thermal processing industry as service providers and manufacturers. To learn more about their diverse product line, visit their website at www.solarmfg.com.
